

Welcome to Quick Wing, Bluebird.

Hi Bluebird Admin, your Quick Wing workspace for **Bluebird** is ready. This guide walks you through the 10-minute setup so your team can start booking, logging incidents and tracking fuel from day one.

Your login URL

<https://quick-wing.com/bluebird/login>

Master admin email

admin@bluebird.example

Temporary password

Sent in a separate email titled “**Welcome to Quick Wing**”. You'll be asked to set your own password on first sign-in.

Quick start in 5 steps

1 Sign in

Open <https://quick-wing.com/bluebird/login> and sign in with the temp password we sent. You'll be asked to set your own password.

2 Check your fleet settings

Go to **Settings** and confirm working hours, locations, mileage rate, and compliance reminders (NCT, DOE, insurance, tax).

3 Bulk-import your vehicles

Open **Fleet** → **All Cars** → **Bulk Import**. Download the CSV template, fill in registration / make / model / year / NCT / insurance / tax expiry, drop it in. All vehicles created in seconds.

4 Bulk-import your staff

Open **Team** → **Bulk Import**. CSV columns: name, email, role. Each staff member gets a branded invitation email with a one-click activation link. Default temp password: **QuickWing123!**

5 Start operating

Admins use the desktop dashboard for compliance, bookings and reports. Staff use the mobile app at the same URL — no install needed.

WHAT YOU GET

Everything your fleet needs, in one place.

- ✓ **Smart bookings** — Drag-and-drop calendar. Conflict detection. Lift requests for staff without bookings.
- ✓ **Compliance tracking** — Never miss an NCT, DOE, insurance or tax renewal. Email + dashboard alerts.
- ✓ **Incident reports** — Staff log accidents, breakdowns and damage with up to 5 photos. Admins export PDFs with embedded images for insurers.
- ✓ **Fuel Log** — Built-in form for staff to log fill-ups. Admins see total spend, litres and fills per vehicle on the Documents dashboard.
- ✓ **Custom Documents** — Build your own forms (pre-trip checks, mileage logs, anything) and have staff submit them from their phones.
- ✓ **Bulk CSV imports** — Onboard your whole fleet and team in minutes, not hours.
- ✓ **Reports & PDFs** — Fleet utilisation, cost analytics, monthly summaries. Export-ready for your accountant.
- ✓ **Mobile-first staff app** — No install — staff just open the URL on their phone. Add to home screen for an app-like experience.
